PLAYING MODES

TEAM COMPETITION

As stipulated within “Regulations for the World- and Continental Championships 3.6.4”

INDIVIDUAL MATCHPLAY COMPETITION

Admittance: All registered players participate in the individual matchplay championship in their respective categories (senior women/senior men). All finished rounds of the first three competition days are the preliminary rounds of the individual matchplay competition. The best 16 senior women players and the best 32 senior men player qualify for the individual matchplay competition. For equal scores after preliminary rounds a sudden-death play-off will decide about the qualification, beginning at lane 1 on the course last played by this category. Tied scores among any qualified players will be decided according to WMF 2.3.9.4. If there is still a tie, a coin toss or other way of draw will decide the rank. If a qualified player does not start at the matchplay competition, she or he will not be replaced.

Lanes: Course A: 1 – 2 – 4 – 5 – 12 – 13 – 14 – 17 – 18
Course B: The nine lanes with the highest stroke average among the 6 best ranked teams in both categories after the second day of competition.

The jury must decide a change of lanes for sportive reasons. The decision will be published after the second day of competition.

Mode and ranking: All rounds are played as matchplay.
Matches until semi finals begin with shotgun start, for starting lanes see attached table.

The higher ranked player after preliminary rounds always plays first on the starting lane of the match. After that the leading player in the match always starts the next lane. If there is currently no leader in the match, the playing order remains unchanged until there is a leader and thus possibly a new starting player. This also applies for the first lane of the play offs. The following lanes are played according to rule 2.3.9.3.

Number of won lanes decides about the winner, who proceeds to the next round. In case of equal number of won lanes after full 18 lanes (or fewer if the number of played lanes has been cut due to any reason) the match is continued at the next of the chosen lanes until one player wins one lane.

A match has to be stopped earlier than after 18 lanes, as soon as one player has won the match mathematically.

Play at a lane has to be stopped as soon there is a winner for the lane.

Losers of the same round are finally ranked according to their results of preliminary rounds.

Semi finals, finals and matches for rank 3 start on assigned lane 1 of course B. Starting order: match for rank 3 senior women - match for rank 3 senior men – final senior women – final senior men.

- Penalty system:** **The penalty system in the team competition and preliminary rounds is the standard system described in WMF worldwide international sport rules chapter 2.3.18.**
- No penalties from the preliminary rounds are carried forward to the matchplay competition.**
- The following penalty system is applied for the matchplay competition:**
- First step is a written pre-warning with no consequences.**
- For all following violations the player in question loses the next unfinished lane (meaning the next lane, which has no winner yet).**
- Referees have the possibility to skip the pre-warning level in case of severe or tactical violations.**
- Coaches:** **A maximum of two coaches per nation with qualified players is allowed on each course during the matchplay competition, regardless of the number of participating players of the nation.**

BAD WEATHER CONDITIONS AND ABANDONMENT OF THE TOURNAMENT

- Team competition:** **The team competition will finish in any case at the end of the third competition day. All fully completed rounds of each category are counted for the final team result.**
- Matchplay competition:** **If the schedule does not allow all rounds of the matchplay competition being played, rounds will be cancelled in a way to insure a real final. First option is to cancel the first round senior men, starting with only 16 male participants. Tied scores at rank 16, 17... will be decided according to WMF 2.3.9.4. If there is still a tie, a coin toss or other way of draw will decide the qualification. Second option is to reduce the number of lanes being played. The minimum number of lanes for a round is 12. The lanes played do not necessarily have to be on both courses (e.g. lanes partially covered by tents). The option to play both courses has to be preferred anyway. All decisions concerning changes in matchplay competition have to be made by the tournament jury.**
